IOWA STATE REVOLVING FUND
REAFFIRMATION OF A CATEGORICAL EXCLUSION

3/7/2024

To: All Interested Citizens, Government Agencies, and Public Groups

An environmental review has been performed based on the procedures for implementing the National Environmental Policy Act (NEPA), for the proposed agency action below:

Applicant: City of Palmer

County: Pocahontas

State: Iowa

SRF Number: FS-76-23-DWSRF-074

Iowa DNR Project Number: W2022-0675

The purpose of this letter is to provide you with a State Revolving Fund (SRF) status update. This project has previously been reviewed by the DNR and a Categorical Exclusion (CX) was issued on April 17, 2023. This CX is hereby Reaffirmed including the cutting out an 8 to 10-foot hole in the wall to allow for replacement of the pressure filter.

It has now been determined by the DNR, and the State Historical Preservation Office has concurred (R&C #230376247), that the additional work will result in "No Adverse Effect." Given the scope and location of the proposed additional work, no other impacts of the environmental criteria listed in 40 CFR Part 6 are anticipated.

This action is taken on the basis of a careful review of the engineering report, the environmental assessment and other supporting data which are on file at the Department of Natural Resources' office in Des Moines, Iowa. These are available for public review upon request. This Department will not take any administrative action on the project for at least thirty (30) calendar days from the above date. Persons disagreeing with the above environmental decision may submit comments to the department during this period. Your comments can be sent to SRF-PC@dnr.iowa.gov or directly to me at michael.iliff@dnr.iowa.gov or (515) 782-2469.

Sincerely,
